

Reading

At Clayton Village, we want all children to be readers and it is a value we encourage. Not only for academics but more for joy and escapism from the everyday world.

Children in Year 3 should read at **least 3 times a week**. They do not need to read aloud to an adult but you are encouraged to ask your child questions about what they have read. This will be checked on a **Friday** and children who have not read will stay in to read at breaktime. We are encouraging all children to use the Boom reader to log their reading. Login details have been given to your children.

We will be visiting the library on a **Thursday** fortnightly so your child will have another opportunity to select a book.

Mr Nazir and Mrs Brown

Autumn Term 2023

Welcome back to Clayton Village, we are so happy to see you all back. We are excited to have lots of fun and achieve our best! Please check the class page on the school website to keep up to date with our learning and MTP.

Water Bottles

Children are encouraged to bring water bottles to school as it is important that we are hydrated so we can work and be focused fully. Children are not to bring water bottles with spray functions on them.

These will be stored by the sink and children will be encouraged to drink these at playtime and lunchtime. If a child requires a drink during a lesson, it is the teacher's discretion to find a suitable time.

Family Breakfast Dates

07.09.23 – Meet the Teacher
W/C 18.09.23 – Timetables Launch
W/C 02.10.23 – Handwriting
W/C 16.10.23 – Commando Joe

PE

Our PE is on a **Wednesday** this year. Please come to school dressed in your full kit: black jogging bottoms and hoody top with a house colour t-shirt. Make sure that your water bottle is brought in and full especially on PE days.

Autumn Curriculum

In Autumn, the whole school will be studying a local area in history and geography. We will be studying historical concepts of Clayton and Bradford. In Year 3, we will be looking at the wool industry and its impact on our local area. We will use a variety of sources to better understand the concept.

In Science, we will be studying animals including humans. We will be looking at why humans move differently to animals. In addition, this term, we will be working scientifically when looking at forces and magnets. We will be taking part in lots of investigations to discover new things.

Important Dates

17th September – PSHE Concert
3rd October – Individual class photos
5th October – School Election Day
